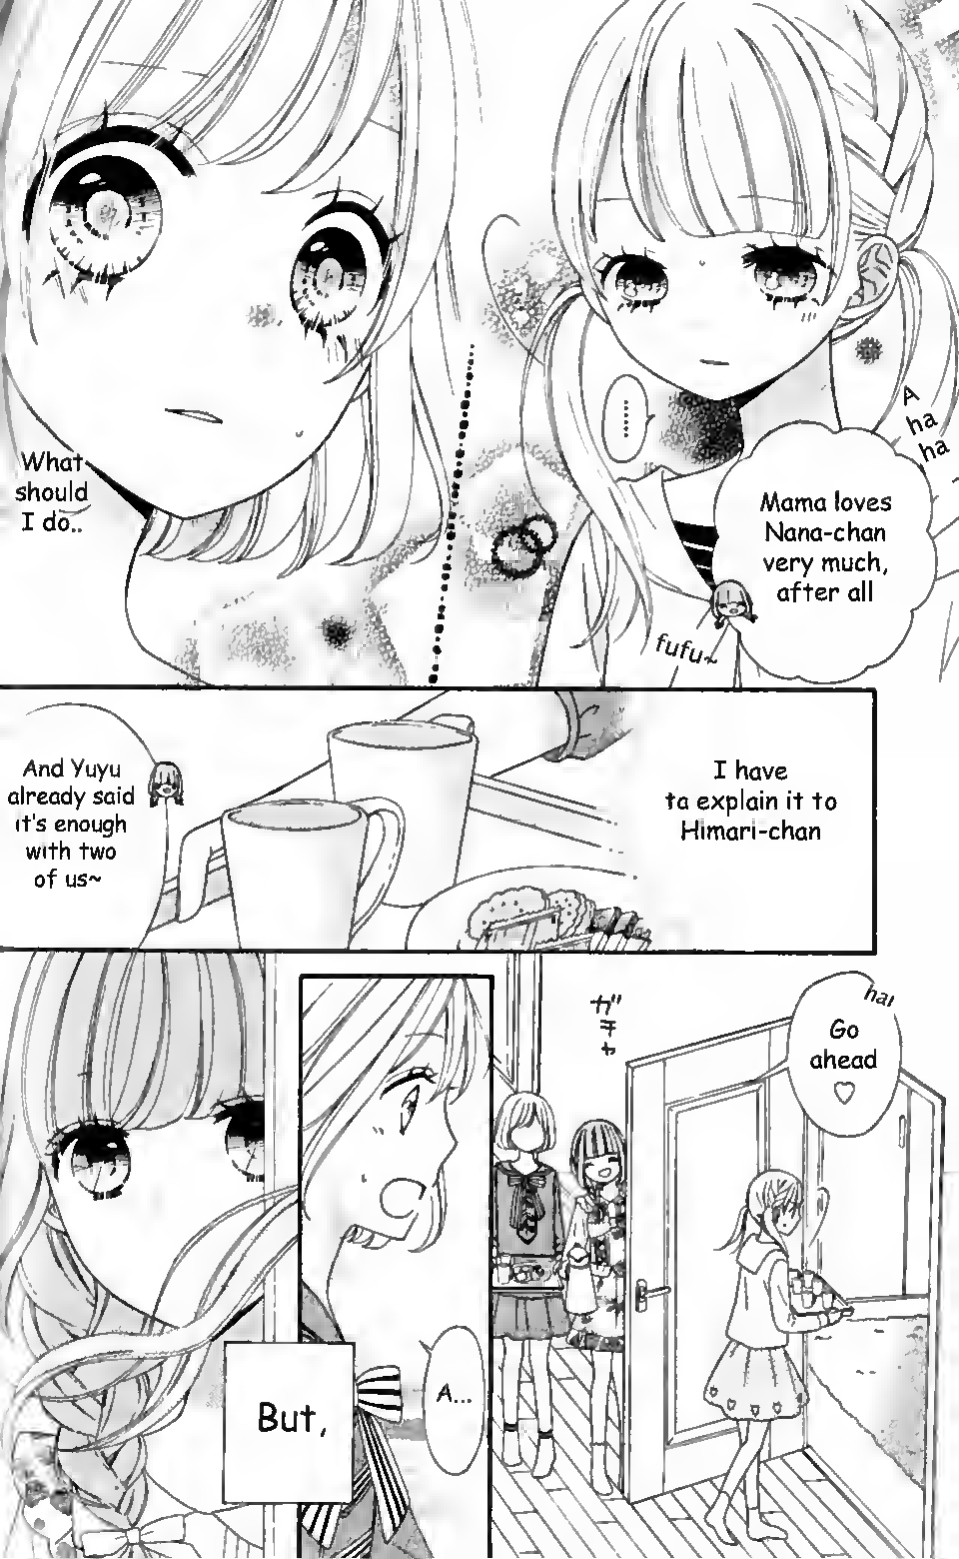
Even though Yuyu is always talking about Nana-chan,
recently, she hasn't been calling you here at all~~
It's so lonely~
Ah...
When you're in elementary school, you're often staying over here, right?
Talking about this in front of Himari-chan is...
Y-yes...



What should I do..

Mama loves Nana-chan very much, after all

Right~
Why did you plan it like this then
With these many people, of course we tend to chat, right?
Then~
Let's split up into two~
In this room and in the living room
The desk there is suitable too
As we expected from Yuyu-chan
Nice idea ♪

Then, let's decide with rock-paper-scissors!
Wai
They've already decided it!
Is it okay, Himari-chan?
Yeah

I'm the only one in the boys group!?

Even though we've perfectly and evenly separated~
Keep like this is better

Talking behind Yuyu's back when we were going back from the orientation,
washed away by the flow, returning to the group again... At the end, I'm just repeating things aver
Any of them,

If Himari-chan and Shioka-kun know how no good I am,
you're going to give up on me, I was afraid of that
But rather than hiding my unpleasant feelings,
I'm more afraid that we're going to separated away...!
